SUMMARY

- ✦ Chief of Staff with **cross-functional experience** spanning **strategic consulting**, **multinational companies**, and **entrepreneurial scale-up environments**. I have translated strategic priorities into **operational roadmaps**, coordinating cross-functional teams and **senior stakeholders** across complex integration, process optimization, and data intelligence programs.
- ✦ At Alkemy, I designed a profitability tool that freed up 20–30% of Client Leads' weekly time, improving management decision-making quality. At Jakala, I led complex global RFPs, including a contract worth more than €10M with a leading global automotive group. At Estée Lauder, I built Business Intelligence frameworks across a portfolio of 20 brands, including vertical brands in the pharmacy channel, enabling data-driven decision-making in retail environments.

EXPERIENCE – LAST 10 YEARS

CLIENT SOLUTIONS ADVISOR – MASTERCARD (from July 2025 to present)

- ✦ I manage end-to-end, high-visibility initiatives for key clients in the financial services sector, helping translate business priorities into concrete action plans and coordinating cross-functional execution across internal teams, clients, agencies, and external partners.
- ✦ I oversee the full project lifecycle, with a focus on stakeholder alignment, delivery quality, timeline and budget governance, and the effective advancement of complex marketing, events, and client engagement programs.

CLIENT DIRECTOR – ALKEMY SPA (from June 2022 to July 2025)

- ✦ **Translated strategic priorities into operational roadmaps**, coordinating cross-functional teams and internal/external stakeholders on transformation initiatives, ensuring deadlines, quality, and budget compliance across a portfolio.
- ✦ Held **direct responsibility for client revenues and profitability**, monitoring margins, out-of-pocket costs, and personnel costs on a weekly basis, with the level of detail required by the private equity fund in a **post-M&A environment**.
- ✦ Designed and developed a **profitability tool** that automated management control by client, project, and department, **freeing up 20–30% of Client Leads' weekly time** and accelerating management decision-making.
- ✦ Acted as a **bridge between strategic leadership and delivery teams** on complex multi-stakeholder programs, ensuring consistency and continuity in the progress of key projects.

SENIOR MANAGER – JAKALA SPA (da Febbraio 2020 a Giugno 2022)

- ✦ Acted as a **key interface between top management and delivery functions**, translating **strategy into execution** by leading multi-workstream programmes, aligning sales & marketing strategy with data & tech implementation, and coordinating **multidisciplinary teams around cross-functional objectives**.
- ✦ Led complex global RFPs for international clients, including a **€10M+ contract** (€3.5M/year over three years) for a leading automotive group operating in 20+ countries, orchestrating business and technical stakeholders from scope definition through to contract signature. Established a structured RFP **governance model** with clear roles, ownership, milestones and decision-making checkpoints, later institutionalized as the internal standard for complex tenders.

BUSINESS INTELLIGENCE LEAD – ESTEE LAUDER COMPANIES (From March 2016 to February 2020)

- ✦ Led Business Transformation projects with a cross-functional approach, focused on **Finance** (brand P&Ls, pricing models) and **Retail** (trade terms and margin models).
- ✦ Designed and implemented **Business Intelligence tools for the leadership team**, enabling **data-driven decisions** on assortment, commercial performance, channel coverage, and competitive dynamics across a portfolio of 20 brands,
- ✦ Built a decision **matrix to analyze the distribution network by brand**, identifying top performers, quick-win opportunities, and rationalization areas, with **direct impact on the economic efficiency of individual P&Ls**.
